ACKNOWLEDGMENTS

Anne Harlan Edgar has been invaluable as editorial assistant. Thelma Koerber and Sondra Rosenfeld have given unstintingly of their time, patience, and secretarial skill, permitting early completion of the conference proceedings. Wolfgang Zeman and Sean O'Reilly have provided useful criticism in manuscript preparation.

The conference was made possible through the encouragement and support given by Dr. Eldon Eagles, Assistant Director, National Institute of Neurological Diseases and Stroke, National Institutes of Health.
