Jonathan W. Mink,
MD, PhD, FAAN
Richard M. Ransohoff,
MD
Ryan J. Uitti, MD,
FAAN
Bradford B. Worrall,
MD, MSc, FAAN
Associate Editors

During the 6-month period from October 1, 2009, through March 31, 2010, *Neurology*[®] received 1,981 new and 621 revised manuscripts. Also during this period, we received 3,689 peer reviews, which arrived in an average of 8.7 days after assignment. The average time from submission to first decision for papers chosen for review in this period was 36 days. We were able to accept only a minority of submitted papers because of limitations in the number of print pages available to us. Your specific comments regarding the uniqueness of study populations, novel methods, studies that are especially educational, or new strategies for diagnosing and treating neurologic disease are immeasurably helpful to us when we make our decisions.

Our gratitude for your dedication to *Neurology* cannot be adequately conveyed. We rely on your opinion as to which articles will most benefit our authors and readers and improve patient care. To acknowledge your work, we grant an hour of CME credit, if requested, for each manuscript you review for the journal (maximum of 15 credits per year as determined by ACCME). To receive credit, it should be evident that the reviewer has read and understood the content of the manuscript, accompanying figures and tables, supplementary material to be published on the Web site, and references. The reviewer must make comments to the editor that aid in making an informed decision regarding publication of the manuscript and make substantive suggestions to the author. Credit is not granted for re-reviews unless the review takes more than 1 hour and substantial comments are made for the authors.

Please let us know if you would like to do more reviews or if you have never been invited to review but are interested in reviewing. Send e-mail to journal@neurology.org describing your credentials and expertise in the areas in which you are qualified to review.

The reviewers listed below with one asterisk have reviewed 5 or more papers. Two asterisks indicate that the reviewer has reviewed 10 or more manuscripts. This list includes those reviewers, including section editors and editorial board members, who returned a review or reviews of initial submissions (re-reviews of the same manuscript are not included) between October 1, 2009, and March 31, 2010.

DISCLOSURE

Robert A. Gross, MD, PhD, FAAN, has received research funding from the Department of the Army and UCBPharma. He is supported for educational endeavors from the University of Rochester Medical Center's Clinical and Translational Science Award from the NIH. Dr. Gross has conducted clinical trials over the past 5 years funded by GlaxoSmithKline, UCB, Ortho-McNeil, Pfizer, and Marinus. He has served on the speakers' bureaus for Abbott, UCB, and GlaxoSmithKline and has received consultant fees from GlaxoSmithKline and Harris Interactive. Since his appointment as Editor-in-Chief, Dr. Gross has ceased participation in industry-sponsored clinical trials and speakers' bureaus. He receives an honorarium from AAN as Editor-in-Chief of *Neurology*.

David S. Knopman, MD, FAAN, serves on a Data Safety Monitoring Board for Lilly and is an investigator for clinical trials sponsored by Baxter Pharmaceuticals, Elan Pharmaceuticals, and Forest Pharmaceuticals. He served as a one-time consultant to GlaxoSmithKline in the past year. Dr. Knopman is supported by grants U01 AG 06786 (Mayo AD Patient Registry, RC Petersen PI), P50 AG 16574 (Mayo AD Research Center, RC Petersen PI), U01 AG 10483-7 (AD Cooperative Study, P Aisen PI), R01 AG11378-16 (Identifying Mechanisms of Dementia: Role for MRI in the Era of Molecular Imaging, C Jack PI), and R01 AG029550-01 (Ethics of Surrogate Consent for Dementia Research, S Kim, PI). He is Deputy Editor of *Neurology*, for which he receives compensation from the AAN.

Gregory D. Cascino, MD, FAAN, is coinvestigator of a study sponsored by NeuroPace, Inc., Sunnyvale, CA (RNS in Partial Epilepsy), and is supported by grant NS53998-03 (The Epilepsy Phenome/Genome Project). He receives an honorarium from the AAN as Associate Editor of *Neurology*.

Andrew G. Engel, MD, FAAN, receives research funding from the NIH and from the Muscular Dystrophy Association.

Jonathan W. Mink, MD, PhD, FAAN, has received research support from NIH/NINDS and the CDC. Dr. Mink serves on the Board of Sci-

entific Counselors, NINDS. Dr. Mink has received travel funding from the Tourette Syndrome Association. He is an Editorial Board Member of *Continuum*, *Pediatric Neurology*, and the *Journal of Child Neurology*. Dr. Mink has received honoraria from the Tourette Syndrome Association and receives an honorarium as Associate Editor of *Neurology*.

Richard M. Ransohoff, MD, conducts research supported by the NIH, the National MS Society, the Dana Foundation, and the Nancy Davis Center without Walls. Dr. Ransohoff has received fees for preclinical consulting or honoraria for academic presentations from Biogen-Idec, Boehringer Ingelheim, Merck-Serono Pfizer, and Teva. He serves on Scientific Advisory Boards for Chemocentryx, Vertex, and GSK-Shanghai. He serves on Safety Monitoring Committees for Merck and Wyeth. As an Associate Editor of *Neurology*, he receives an honorarium from the AAN.

Ryan J. Uitti, MD, FAAN, has received research funding from the NIH, PARRF, and Advanced Neuromodulation Systems, Inc. Dr. Uitti has served as a Continuing Medical Educator for the AAN. His institution has received annual royalties from the licensing of the technology related to PARK8/LRRK2 greater than the federal threshold for significant financial interest; Dr. Uitti has not received any royalties. Dr. Uitti receives an honorarium as Associate Editor of *Neurology*.

Bradford B. Worrall, MD, MSc, FAAN, has received research funding from NIH (6 grants). He serves as an outcomes adjudicator for the NHLBI for AREDS2 and as an ad hoc reviewer for the NIH and Veterans Administration study sections. Dr. Worrall received several honoraria for serving as faculty and/or director for courses at the AAN annual meetings and an honorarium for speaking for the Operation Stroke program (AHA/ASA funded) at Fairfax Inova Hospital. Dr. Worrall is on the Editorial Boards of *Neurology* and *Seminars in Neurology*. Dr. Worrall received nominal royalties for serving as a Chapter Author for *Merritt's Neurology* and receives an honorarium as Associate Editor of *Neurology*.
