

Bugs

Jorge E. Mendizabal, MD

Neurology® 2018;91:324. doi:10.1212/WNL.0000000000005993

Her morning rattles
Battered beauty
Rigid but relentless
Her days, challenging and endless

A lucid moment
But then, a pill untangles chemistry
Bugs!
The floor has come to life

Creepy crawlers, fed by dopamine dreams
Liquid critters that slip from her fingers
A jar is of no use
For insects that melt like her golden years
