Quality Improvement: Start Small to Make Big Changes

You deliver excellent patient care, but there is always room for improvement. In health care, quality improvement (QI) is the framework used to systematically improve the ways care is delivered to patients. Learn how to increase desired health outcomes. Browse AAN resources to help you drive change at [AAN.com/view/QI](https://www.aan.com/view/QI).

Diversity Leadership Program Opportunity with Personalized Coaching!

Diversity and inclusion are essential to the AAN's—and neurology's—success. Apply for the 2020 Diversity Leadership Program to receive personalized coaching and leadership development training to help you build self-confidence, enhance relationships and comradery, reduce burnout, and enhance presentation and management skills. Visit [AAN.com/view/19Diversity](https://www.aan.com/view/19Diversity) before October 11.
